ABOUT PATLIPUTRA AL ARABIA LTD. CO.

An Engineering Contracting Company established in the Kingdom of Saudi Arabia since 2020.

Its parent Patliputra Infotel Private Limited serving various business lines in India and in Kingdom of Saudi Arabia.

The motivation and support behind the creation of this company are thru the experienced professionals who have contributed decades of services to various business sectors in India and Saudi Arabia and now motivated to **our prime focus to succeed in any project will be tailored on effective project management parameters and train the personnel to succeed on.**

The Group management has plethora of experience in the planning, Design and Project Management of multidimensional projects in India and Saudi Arabia. PALC is synergized with various value-added partners whose prime objective to create, augment & optimize our capabilities for business at the contemporary and the emerging customer demands.

About Patliputra Infotel Private Limited in India

Patliputra Infotel is the professionally managed & specialist contractor in the field of FTTH, OSP, Low current, BMS, Access Control, CCTV and long-distance fiber network implementer and IT Infra & InfoSec Solutions provider.

Passion for technology drives our organization. We are constantly on the watch to spot new and emerging technologies that can drive efficiency and give our customers a competitive advantage.

Patliputra Infotel is a single stop destination for every IT infrastructure solution in the datacenter or the cloud. We architect, implement, secure, monitor and manage every technology domain, and our solutions are end to end.

We have expertise in: Data center design and implementation & Security Solution, Uninterrupted power solutions, End user computing, Unified Computing, Unified communications, hyper converged infrastructure, Public, Private and Hybrid cloud, Application Development & Maintenance

Since we offer end to end solutions and services, you have a single point of accountability in Patliputra Infotel, and this ensures lower down times and higher IT efficiencies.

**DEVOTION FOR
QUALITY DELIVERY**

OUR VISION

The role of engineering is vital to sustain the welfare and growth of industries. Our vision is to establish PALC as the most preferred partner for all our customers through high customer focus, innovation and technology driven solutions.

OUR MISSION

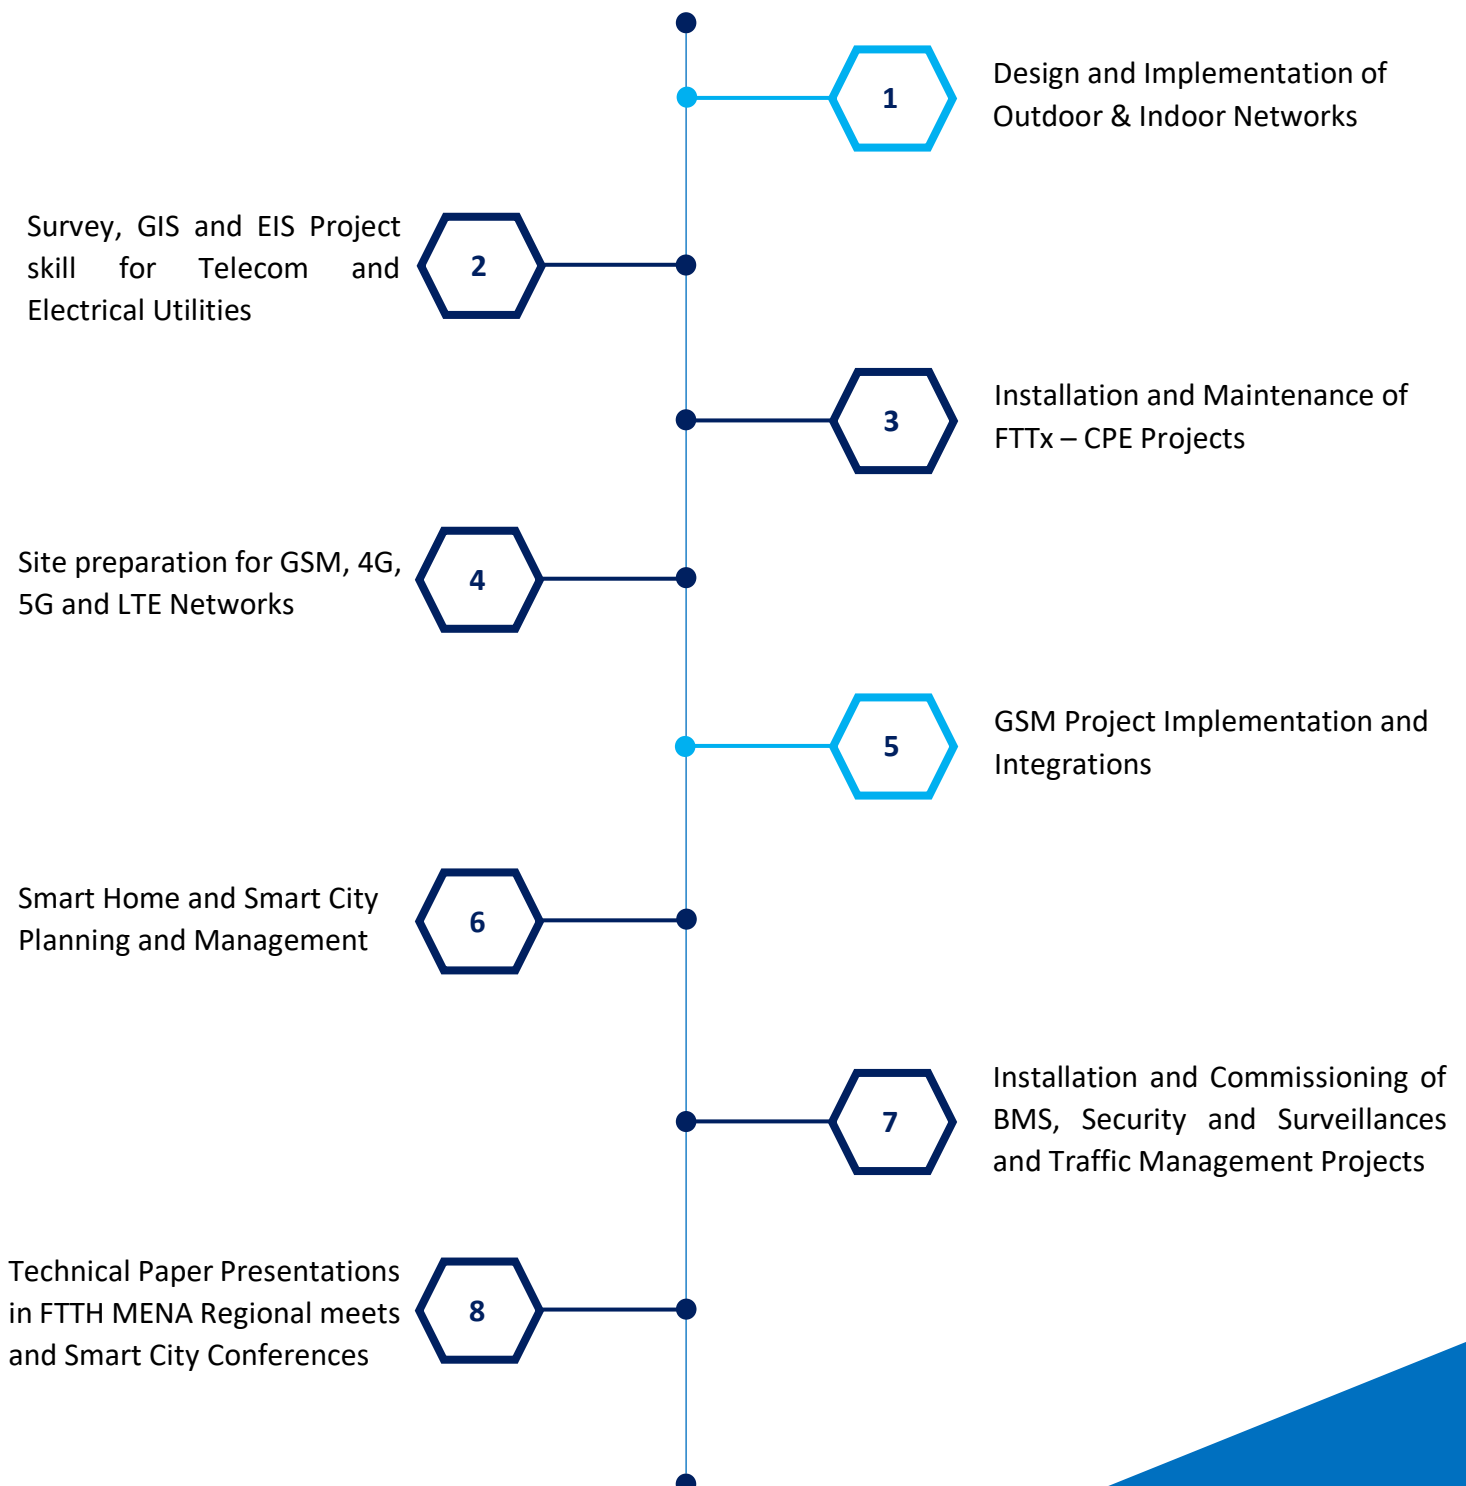

PALC is tailored to provide integrated engineering consultation and construction services meeting its client satisfaction through collaborative and efficient work environment. We rely on the technical capability and leadership of our team members and associates to lead a better life for the society and carry PALC principles beyond its boundaries.

OUR STRENGTH

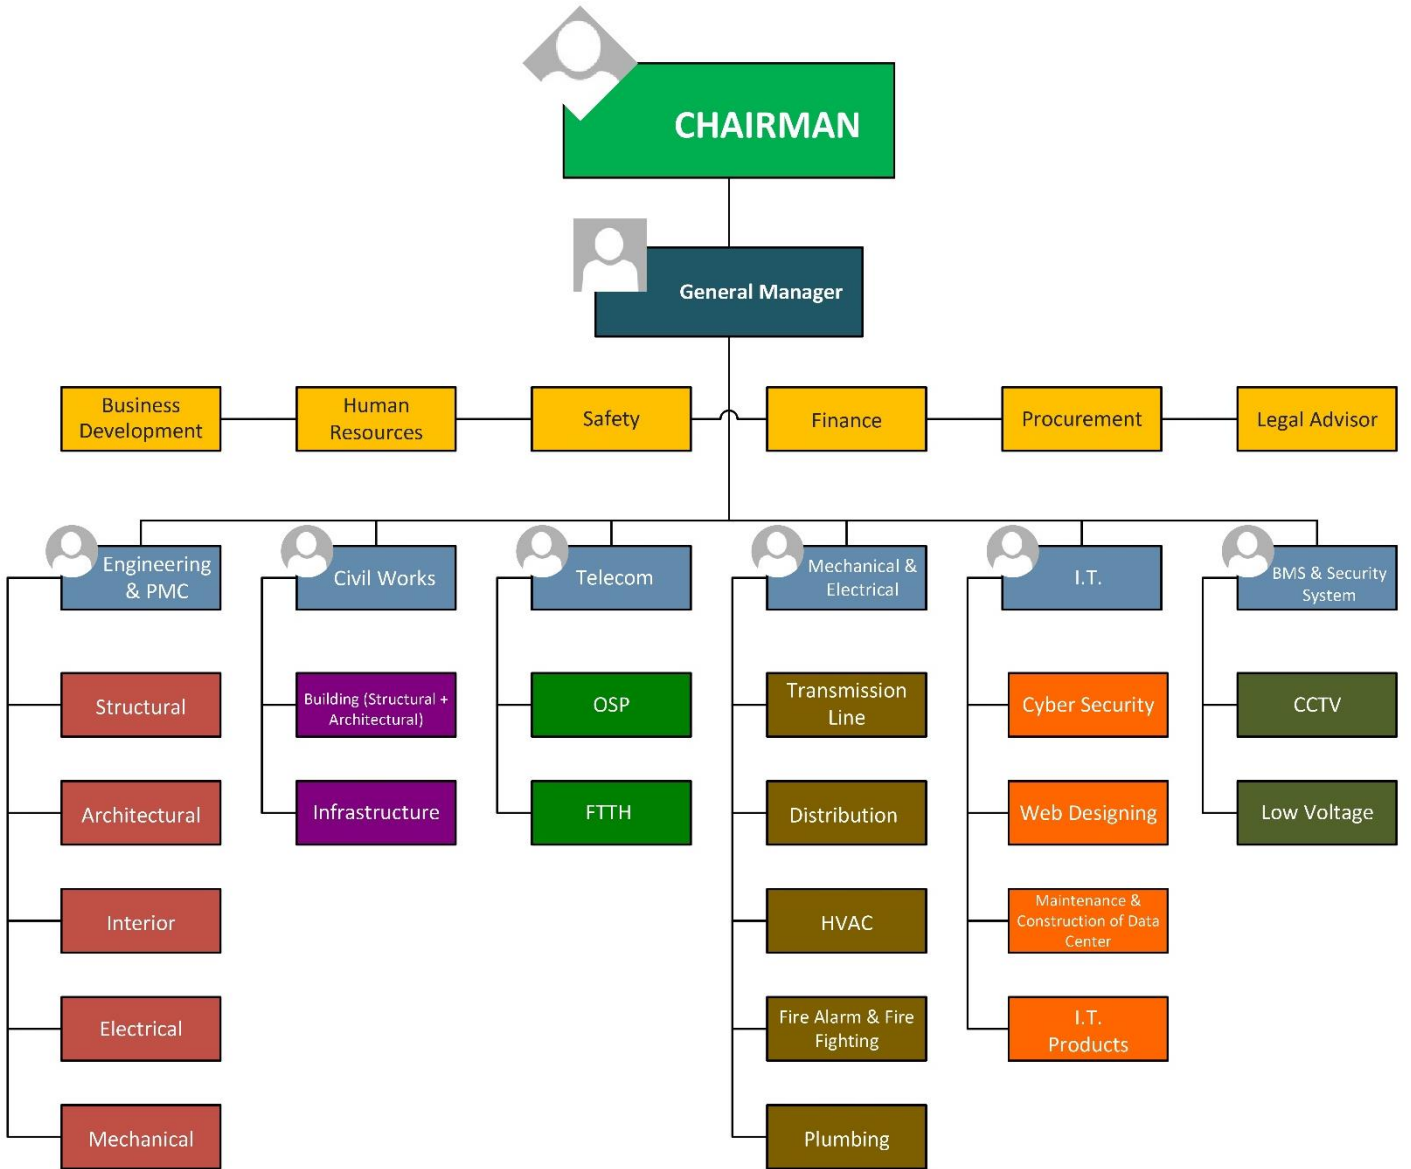

A dedicated skilled and well qualified Management to plan & execute the projects. A multidisciplinary company having a wide range of expertise and professionalism. Strong base in the field of Planning, Design and Implementation of STC, Mobily, ITC and SEC Projects. Strong industry tie-ups and partnerships. Sound financial capabilities with stable banking facilities.

OUR PROFESSIONALS

The company has the capacity to achieve the various diversified business in the Kingdom by utilizing the expertise and skill of our professional teams on.

ORGANIZATIONAL STRUCTURE

BUSINESS DOMAINS

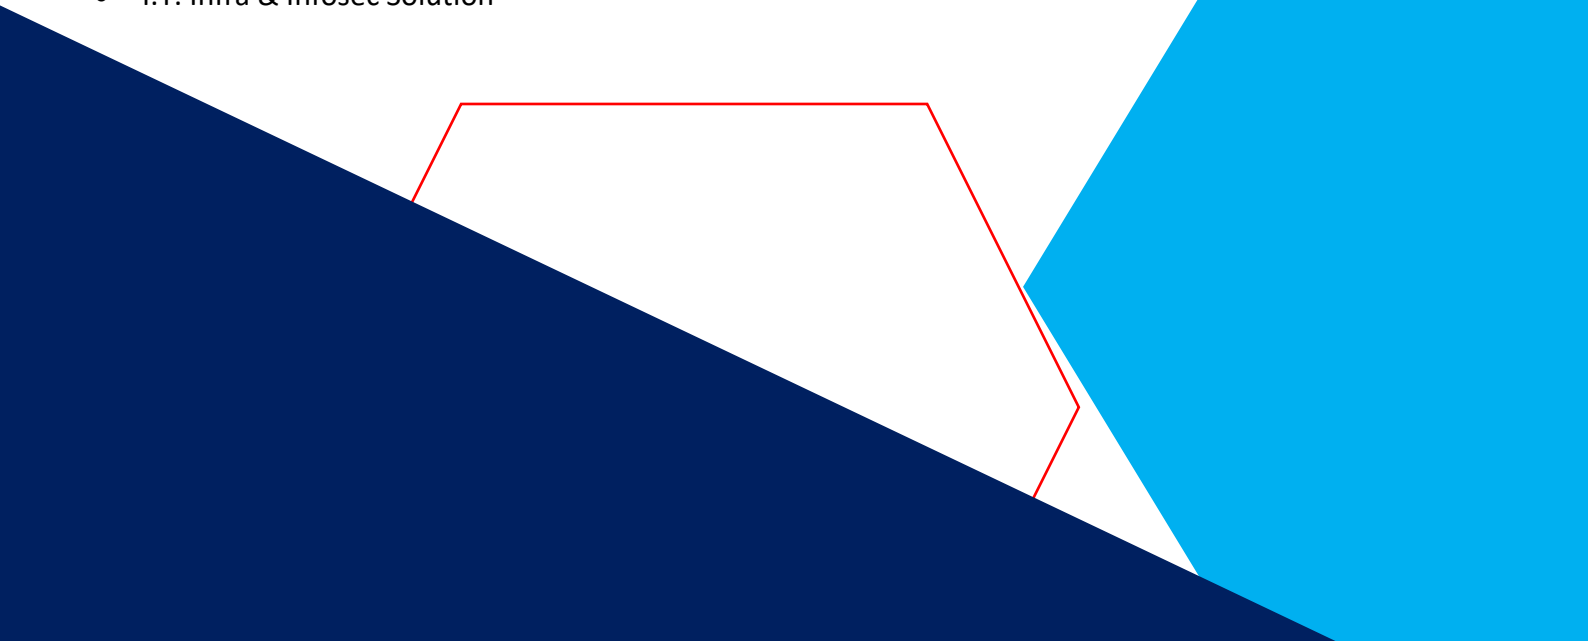

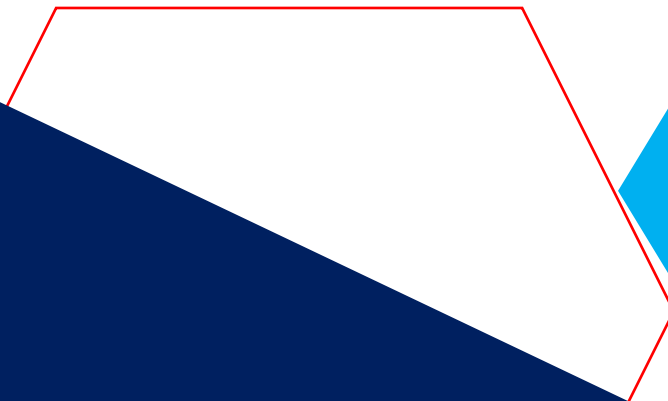

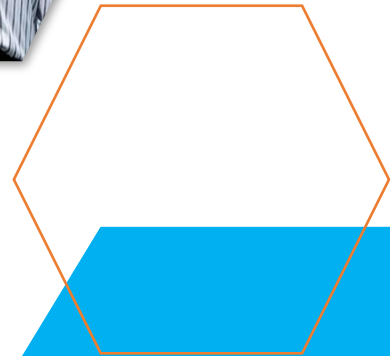

BUSINESS DOMAINS

Field of Operation

Patliputra is a multidisciplinary company involved in various categories of business domains such as:

- Engineering & Consultancy
- BMS, HVAC, Fire Alarm, CCTV & Access Control
- Integration
- GSM & Microwave Projects
- Energy & Smart Infra Solutions
- Infrastructure Construction Works
- Outsourcing
- Project Management Consultancy
- I.T. Infra & Infosec Solution

Engineering and Consultancy

We provide the various choices of services on Engineering and consultancy including:

- Survey, Fundamental Planning and Design of FTTH Projects
- Design and Engineering of LV and Telecom Network Projects
- Smart City Planning with RFP Support
- Security Surveillance Project Planning & Design
- FTTH Training & Resourcing of High Skill personnel
- Optimized OSP Network Design
- Planning and implementation of GIS activities for various utilities
- Use of state-of-the-Art Survey & Design Tools
- BMS and Building Automation Systems

BMS, HVAC, Fire Alarm, CCTV, Access Control, Low Current

We provide various services of BMS, CCTV, HVAC, Access Control and other low current systems.

- Equipment's planning, designing, vendor selection assistance
- Structured cabling, first fix and second fix installation
- Installation of EMT conduits and accessories, cable installations
- Field device installation and terminations
- DDC/MMC fabrication, installation and terminations
- Conduiting and cabling for other Low current systems
- As Built drawing preparation
- Commissioning support
- Old panel upgradation as per drawings

Fiber Optic System Integration

Fiber Optics System Integration can be designed easily from point to point, which allows data to be transmitted at super high speed with virtually no loss in quality over a long distance, eliminates problems such as high transmission loss and interference, allows network passing right next to major sources of EMI with no effect, provides massive performance and reliability improvements.

- Turnkey Solution for Smart City Networking Projects.
- Complete Fiber Telecom Solution for LDN, Access and FTTH Rollouts.
- Installation of Micro ducts, Fiber Optic Cables and UTPs.
- LAN and Internal wiring for major buildings and business houses.
- Fire Alarm, Fire Protection, Security Systems Projects.
- Installation of Core Telecom Network Components.
- Data Centre and Internal Cabling Solutions

GSM and Microwave Projects

- Installation of All vendors – Ericsson, Nokia, Huawei, Alcatel-Lucent, Motorola, Siemens
- Installation and Integration of Terrestrial Trunked Radio System (TETRA)
- Installation of TRANSAS Antennas (RDF, AIS, GPS, DGPS, VHF) Base Station and ACWL System
- Conduct RF Survey, Organise TSSR Reports and Analysing Data from the field for highway, Infiller sites and New Town for Testing the feasibility and installation of the System
- Conduct and Manage Line-Of-Sight (LOS) Survey for Microwave Links
- Installation, alignment and commissioning of 0.2m, 0.3m, 0.6m, 0.9m, 1.2m, 1.8m, 2.4m, 2.7m and 3.0m Microwave Antennas.
- Installation and Commissioning of 5G gNB HW (AirScale Baseband & AirScale MAA Radio)
- Nokia associated RU installation (AEQD & AAHF)
- Installation of DC Power Cables to AirScale System Module (ASIK)
- Installation of 4G - FDD and TDD/3G/2G
- Installation of Cabinets, Rack and Subrack
- Installation of BTS accessories such as DCDU, Feeder & Jumper cables, grounding cables, transmission cables and other related cables.
- Installation of Optical or Electrical Transmission cable to the SgNB
- Construction of 35 Meter GRD Towers
- Construction of 60 Meter Square SS Tower

Energy and Smart Infra Solutions

Smart Infrastructure intelligently connects energy systems, buildings and industries, enhancing the way we live and work to significantly improve efficiency and sustainability.

- Planning and Design of Solar Energy Projects.
- Distribution of Energy saving devices and Products.
- IOTs and Smart Metering solutions and Implementation
- Smart Building Solutions and Implementation.
- Street Lighting using Solar & Hybrid

Infrastructure Construction Works

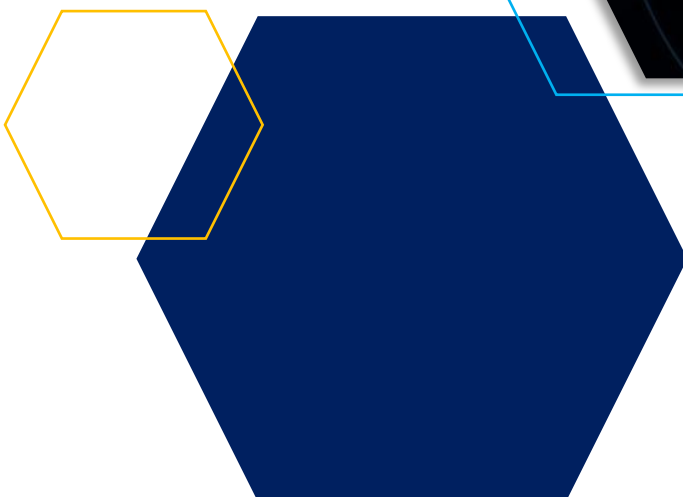

We also work for infrastructure construction to build from large buildings, pipelines to road networks that include:

- Civil Construction Works for Office Buildings, Malls, Villas, Schools, Banks and other Establishments
- Architectural Finishes
- Electromechanical Works
- Steel Structural Works
- Survey, Design, As-Built and Drawing Preparations

Outsourcing

We also provide our services by resourcing appropriate Manpower for the Infrastructure Utility development, Maintenance of Facilities and other ICT related project operations:

- Supply and Installation of Data center components
- Information Security solutions
- Building Management Systems.
- Network Cabling, Ducting for FTTH and Smart cities
- IT Infrastructure construction & maintenance
- Data Recovery and Maintenance

Project Management Consultancy

Our prime focus to succeed in any project will be tailored on effective project management parameters and train the personnel to succeed on:

- Project Planning & Quality Management
- Resource & Logistic Management
- Project Management and Supervision of Telecom, Infra and construction Projects

I.T. Infra & InfoSec Solution

Passion for technology drives our organization. We are constantly on the watch to spot new and emerging technologies that can drive efficiency and give our customers a competitive advantage. We offer our services such as:

- Data Center Server Solution
- End User Computing
- Network Solution
- I.T. Security Solution
- Structured Cabling
- Software Development
- Web Designing

PROJECT HISTORY

Civil Infra structure Accomplished Projects

- Renovation of Riyadh Airport Terminal 2 with UniDecor
- Al Inma Bank Civil and Architectural works
- KAFD Architectural Works with Saudi Co.
- Alia Plaza Civil and Architectural Finishing
- Renovation works Ministry of Commerce and Industry
- Exterior Works Turkey bin Abdul Aziz Exit 2
- Shiyadah Real Estate Projects
- Villas, Schools, Shops and other Establishments
- Petromin Gasoline and Service Station
- Brodan Medical Company

Ongoing OSP/FTTH

- ITC / Restart: OSP 3 Project sites with Access Network and HDD in Riyadh
- Metro BMS Project
- FOC Installation and Testing
- 35 Meter Tower Foundation
- 60 Meter Square SS Tower
- Airport BMS Projects
- FTTH NBB Project Rollout for Dawiyat

- Riyadh Metro BMS Project (Riyadh)
- T5 BMS Upgradation (Riyadh)
- Faisaliah Tower BMS Upgradation (Riyadh)
- Riyadh Hospital BMS and Other Low Current Systems
- Cinepolis BMS Integration (Dammam)
- Anoud 1 Tower with Swayeh Co. (Riyadh)
- Rashed Mall New Expansion Building with RTCC (Al Khobar)
- King Abdallah Financial District Parcel Ao1 with Saudi Co.
- Alia Plaza with Ayuni Investment Co.
- Rumah University with Ayuni Investment Co.
- Ministry of Commerce & Industry
- Al Inma Bank Refurbishments
